

3rd Quarter Ambassador Project
AP Human Geography – Created by Ray/Edited by Mrs. Petras

Research the country you have been assigned and submit the following information as a printed Power Point Presentation. The printed Power Point should be in a **6 slides** per page handout format. Power Point must include images to illustrate the information presented. **DO NOT** write in an essay format.

1. Territory
 - a. How large is your country?
 - b. Where does it rank in size compared to other countries?
2. Boundaries
 - a. Which other countries border your country?
 - b. Describe your countries borders
 - i. Geometric
 - ii. Physical (mountains, water, deserts)
 - iii. Cultural (linguistic, cultural, ethnic)
3. Colonialism
 - a. Was your country once a colony?
 - b. If so, which country colonized it?
 - c. If so, when did your country achieve independence?
 - d. Was your country a colonizer?
 - e. If so, which global regions did it colonize?
4. Government: is your country a federal or unitary state?
5. Type of state: Is your country a nation state, multinational state, or multiethnic state? Justify your answer with demographic data.
6. Which major global organization does your country belong to?
7. Which major regional organizations does your country belong to?
8. Terrorist activity within your country? Explain.
9. What percent of the country's total land area is arable?
10. What percent of the country's labor force is engaged in agriculture?
11. Agriculture is a component of a country's GDP. What percent does agriculture contribute to your country's total GDP?
12. What agricultural products does your country produce?
13. Which, if any, of these products are considered "plantation" crops?
14. What, if any, agricultural products are exported from your country?

15. What, if any, agricultural products are imported into the country?
16. Is your country a net exporter, or net importer, of agricultural products?
17. Based on the information presented, what conclusions, if any, can you make about the following:
 - a. The country's level of economic development.
 - b. Does the country engage primarily in subsistence agriculture or commercial agriculture?
 - c. The country's ability to be agriculturally self-sustaining.
18. Citation must be included

Due Date: 3/18

Late Due Date: 3/26 (automatic 10% deduction)
