

Name _____

Honors Chemistry

___/___/___

Chapter 7 Vocabulary - Define each of the following on a separate sheet of paper. All definitions must be hand written.

1. anhydrous
2. Avogadro's Number
3. deliquescent
4. desiccant
5. effloresce
6. empirical formula
7. formula unit
8. gram formula mass
9. hydrate
10. hygroscopic
11. mass composition
12. molar mass
13. mole
14. molecular formula
15. molecule
16. percent composition
17. representative particles
18. standard temperature and pressure (STP)
19. water of hydration
